ACCIÓN CLAVE 1 (KA101): 2020-1-ES01-KA101-078037

COURSE: "COOPERATIVE METHOD OF TEACHING VIA DIGITALIZATION"

DATES: 24-29.07.2023. HOST INSTITUTION: PAIDEIA. TESSALONIKI. GREECE

PARTICIPANT: Ana I. Ferreras Valladares

Thanks to the Erasmus funding I could take this course in Tessaloniki and got engaged in cooperative group work, by participating in seminars and workshops.

Experienced trainers delivered lectures and workshops on new cooperative methods and techniques which may help me transform classrooms into attractive environments.

Additionally, the course promoted interaction among participants in the whole programme Besides this course has offered me a deeper knowledge into modern approaches for the classroom via digitalization (Board games in education, positive and negative aspects of the Internet, online safety and bullying, Internet Addictions, games Online/offline, MagicSchools.ai, H5P Objects).

Another really interesting aspect consisted of getting to know the rich cultural offer of the ancient city of Tessaloniki, with the visit to ANO POLI (THE OLD CITY), the old city, the Walls, its Churches and monasteries (Vlatadon Monastery, Hagios David and Hagios Demetrios).

I also had the chance to meet colleagues from Europe and could develop skills of cooperation and together increased our level of self-confidence and effectiveness. Moreover, I feel happy as I could get other contacts for further Erasmus Projects in a European dimension.
