COMMENTS

The IES GINER DE LOS RÍOS, LEÓN, has participated since the 2019-2020 school year in the Erasmus + KA229 project, which is called "THE POWER OF UNDERSTANDING", and which has been carried out together with other European partners: Romania, Lithuania, Croatia, Cyprus, and Portugal.

2 teachers and 5 students from IES GINER DE LOS RÍOS, who are studying 2nd and 1st year of ESO participated in the last Transnational Exchange in Cyprus, from 4 to 8 April 2022, whose objectives, among others, are to improve the communicative competence in English, offer equal opportunities and get motivation towards learning.

This experience has helped our students "to better understand the values of other cultures, to promote open and tolerant attitudes among students, and to increase their motivation and confidence". By presenting different topics such as "Healthy habits in IES GINER de los RÍOS" and "Traditional embroidery in the province of León", our pupils could develop their self-esteem and take increasing responsibility and autonomy. They have also made friends for life!

In short, it has been an incredible experience for the students. Not only for educational reasons, but also, for their personal growth as individuals.

ANA I. FERRERAS VALLADARES. TEACHER

It has been a wonderful experience in which I have been able to meet new friends from different countries and get to know new wonderful places. I loved going because I liked its traditions and culture. I definitely took great memories from Cyprus.
Izan Gago González (student)

The trip to Cyprus is incredible, an unique experience. Limassol is beautiful and I hope we can repeat this experience.
Triana Fernández Trigueros (student)

The trip to Cyprus has been a great and very good experience, personally what I liked the most about it were its meals and its wonderful views. It was great to have participated in the activity.
Joel Lozano Osorio (student)

It was very fun and interesting. I have new friends from other countries and I speak very much English. The island was fantastic, interesting and very beautiful. They give us a very good welcome and they were very kind.
Alma Bahillo Marcos (student)

The trip was incredible, it was an unforgettable experience. I had a great time and I would like to repeat that experience again. I hope that, like me, all participants had had a great time. My favorite parts were the boat and the party we had at the limassol school.
Carolina González Iglesias (student)

It has been a pleasure to participate in this meeting with people from different countries. We have shared experiences, trips, conversations, learnings and endearing moments. We have truly felt the power of understanding, overcoming language difficulties.

From the myths of Ancient Greece we have travelled through time and space and our heroes have brought us together. Their bravery and their fortitude have built our history; but the best thing about heroes is that they are still with us. There will always be heroes, famous or anonymous, supporting us in the difficult task of living.

Thanks to all the participants in this unforgettable meeting for the knowledge they have provided and, above all, for the emotions they have awakened in us.

CARMEN HONRADO GONZÁLEZ. TEACHER

The expirience in Croacia was really good, especially the people of the school.
 Germán (student)

Erasmus is an incredible experience I recomend it a lot.
 Rebeca (student)

Croatia: a fusion of cultures and traditions to discover. A pleasant experience!
